An abstract landscape painting in a muted, earthy color palette. The top half of the image features dark, textured, undulating shapes that suggest hills or mountains. Below these, there are lighter, more fluid, and somewhat translucent shapes that could represent water or mist. The overall composition is layered and atmospheric, with a sense of depth and movement. The bottom half of the page is a plain, light-colored background where the text is located.

- ▲ Mr. Vinnie Carbonaro led our Football Team to a near Division Championship. Mr. Dick Reilly, Co-Coach, helped to inspire the team to gain so many victories. We could not have done as well without their help.

Eric Smith scores a touch down for Jay. Madison didn't stand a chance against us with players such as Eric.

Now you must know what the true inspiration is. Look at these lovely cheerleaders with the outfits made by Mrs. Eleanor Cullivan.

Cross-country is unique. It is a sport in which the last person to finish a run is cheered. It is a sport vastly misunderstood by the public. Though cheered in a race, the long distance runner may be subjected to ridicule during his training. The cross-country runner is one of the hardest working athletes in the realm of sports. His reasons are usually his own and more often than not, they only make sense to him. This season our team faced constant challenges yet emerged victorious.

Something Special

The spirit of John Jay is dynamic and expanding. Though its essence is hard to identify, there is some spark that sets it apart from all other high schools in our city. Those who study or work here, even those who visit here recognize the unusual nature of our school. What is it, then, that makes us special?

There are many factors which contribute to this unique atmosphere. It is a school without any athletic fields, yet boasting a full program of sports for boys and girls and crowds of enthusiastic supporters. It is one of the most overcrowded high schools in the nation, yet one in which every pupil gets individual recognition and attention. It is a very old building, but a school brimming with fresh and new ideas. It is a typically American high school because its students come from all over the world.

Caring is the heart of John Jay. Students put aside their differences to care for each other, and teachers and staff members work long and hard to help the pupils. People give of themselves with warmth and selfless enthusiasm. We have faith in our future, so we work together to keep advancing. At John Jay it's people that matter.

Congratulations to the Class of 1978!

Sincerely,
Robert Weinberger

Assistant Principal-
Guidance

The Guidance Department is responsible for and committed to providing information and services to students to assist them in achieving the high school diploma and preparing for post high school goals.

Most of the work of the department is done in individual and group guidance sessions. Activities include program planning, distributing vocational and educational information, completing SAT, scholarship, and college applications as well as familiarizing students with career and community oriented programs. The department is also able to provide special assistance to students in resolving situations which require additional services within or outside the school.

At Jay, we subscribe to the idea that every staff member plays an important guidance role for our students in and through the daily classroom and other school contacts.

The English Department offers a rich blend of electives and required courses. It is dedicated to transmitting the best of the spoken and written word. In doing so it seeks to question, explore, illuminate and enrich the values that people live by. The department, a diverse and talented group of teachers whose individual backgrounds include psychology, professional writing, movie making, and theater, contribute mightily toward this goal — a better understanding of the human condition!

The Math Dept. at Jay is unusual in that it is unique and typical at the same time. The staff is typical but the student body is very unique.

Our resilience, tolerance, and patience is unexcelled when confronted with the problems of the Non-English speaking student, the overcrowded conditions, and an ever changing student population.

Through the Performance Based Teacher Training Program, the Mini School and the Beacon Project, we play an important role in the training of new teachers and at the same time our instructional programs and services are enhanced by Brooklyn College.

PHYSICAL EDUCATION

John Jay High School has fielded 14 Varsity Athletic Squads (boys and girls). In the past, our students have won numerous division championships in soccer, volleyball, basketball, gymnastics, swimming, softball and track. Many of our student athletes have been honored by winning a birth on "all scholastic" teams. Until the recent budget cuts took place, our J.V. Baseball and Football teams had taken the Brooklyn Championships four years in a row. Our present Football Team is to be congratulated for a dymamite season!

For a democratic Society to function effectively, well-informed citizens are essential. We in the Social Studies Dept. attempt to impart an understanding of the complex modern world. Why we are what we are, and why we are where we are, are keys to an intelligent understanding of what we want for our future. The lack of any guarantees is no reason to blunder blindly into the world of tomorrow.

Man functions best in a structure we call society. The extent to which we succeed in doing this, in understanding our aims and ideals and cooperating for common achievement of these, is the extent to which we can find fulfillment and live in peace and harmony with one another.

MUSIC / ART

Mr. Joseph Albertson

In most high schools, students can perform in the Band or Orchestra only if they have had music lessons at home and know how to play an instrument. At John Jay High School, students learn to play any instrument of the Band or Orchestra (violin, trumpet, clarinet, flute, etc.) in classes which begin with the first note and carry the student as far as his talent and time permits.

To become a member of the Chorus, many schools require auditions and voice testing. At Jay, any interested student is invited to the Chorus class, with the guarantee from the Music Department that any student will sing better after each term.

Pearl Rubinfeld

Sandy Gopie demonstrates her cooking skills to other members of her class.

Home Economics: A special feature of this department is emphasis on jobs and careers in Food Services. Fine Arts: Miss Pearl Rubinfeld carries high the banner of the Fine Arts at John Jay High School. Severely curtailed by budget cuts, our Art Department still offers Major Art Classes for specially interested students, as well as classes in Basic Art for every student in the school.

SECRETARIAL STUDIES

The Secretarial Studies Dept. has endeavored to prepare our graduates with a marketable skill: stenography, typewriting, office machines, or medical receptionist. In these times of a tight economy, we feel that seniors who are in our department stand a better chance of getting employment. For those going on to college, we have given them the opportunity to set up and type all the reports required during the year. They have been able to take academic stenography and obtain skills necessary for part-time employment while in college.

AND FOOD SERVICES

♥ Jose Colon plays a caveman while Eric Rivera is a present day man, and Carmen Ramos is dressed as if she is from the days of the Knights in Shining Armor.

STUDENTS THROUGHOUT THE AGES- The talents and efforts of Jay's Freshman and Sophomore classes have combined to give you a glimpse of what classrooms might have been like in the past. From present day John Jay, Father Time will transport you back to the days of the cavemen. From there you will journey to the time of the Knights in Shining Armor and then travel to the days of the Wild, Wild West. Were schools really different then? Would you have rather lived in the past? Make up your mind as you sit back and enjoy Freshmore Sing.

♦ Mr. Cary Lukas plays the part of Father Time.

♦ Kathy Modafferi and Gilbert Rodriguez aren't taking Father Time seriously.

♥ Chris Wilson, Brad Menendez, Colleen Clarke and Ivette Giraldo seem to demonstrate that they are quite happy with the present.

♥ Eric Rivera and Bob Toledo are two Knights that seem to want to win the hand of Carmen Ramos.

♦ As Freshmore sing ends Eric wins the hand of Carmen.

◆ George Hampton, Bert Flowers and Francisco Palacios sing while Marsha Rogers demands their attention. Mr. Joseph Albertson supplied the music for all three sings. He is a prized faculty member.

The theme "Don't Drop Out" truly permeated all of Junior Sing 1977. There is such a feeling of togetherness pictured throughout, that one would not have to ask who "Won" Sing. Everyone was a winner.

◆ Ingrid Lewis sings while Juan Cortes, Josephine Scarpulla and Rosemary Long look on.

◆ Ernie, Marion and Lisa Toubail look on as Ingrid makes a presentation of cheers.

◆ Lisa Toubail sings a solo.

♦ A dramatic dance in motion features Ralph Mangual, Ingrid Lewis, Melvina Cantrell.

♦ Andy Dunleavy dressed as a woman shocks the audience by his appearance.

♦ Michael Fran appears to be a man from Star Wars.

♦ Mr. Robert Weinberger announces the winners of the different categories in Sing. The expressions show excitement, exhaustion, and relief that a job well done is over.

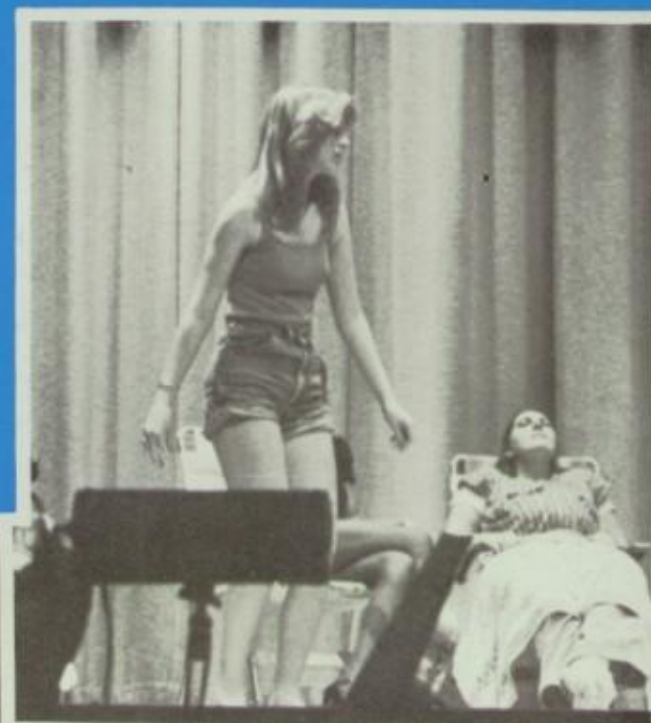

SENIOR SING

▲ SURVIVAL - Senior Sing will show you the true meaning of friendship and survival — how people from different walks of life will help each other no matter what the consequences might be.

Pictured above- 1st Row: Karen Keane, Anna Bleszcz, Greer Smith, Loretts Finnerty, Roseann Errigo. 2nd Row: Lucia Battaglia, Giovanni Fanizza, Emily Montanez. 3rd Row: Robin Mendez, Kathleen O'Leary, Serena Robinson, Janet DeMarinis, Robert Wandlincourt, Faith Watkins, Catherine Cabeza, Karen McCarthy, Carmen Nieves.

All members of the shipwreck rally round to find out how they will survive. Pictured are: Michael Fran, Janet DeMarinis, Giovanni, Orlando Irizarry, Andrea Bryant, Loretta and Robert.

◀ May Nestor dances during one of the many rehearsals.

▲ During one scene Robert Wandlaincourt, Singh Omadath and Kim Cunningham have a heated discussion.

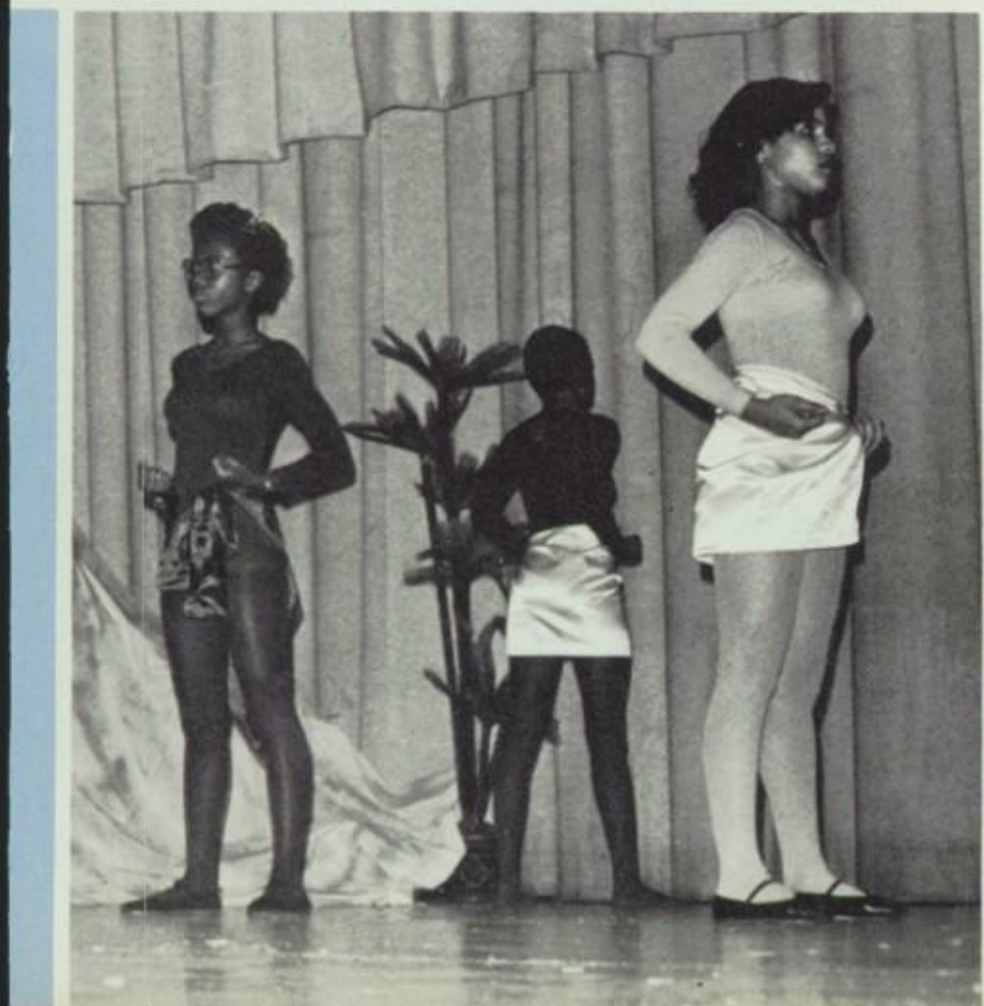

◀ Janet DeMarinis, Anna Bleszcz, Giovanni Fanizza and Joe Quiles are pictured on the island after the shipwreck.

▼ Greer Smith, Andrea Bryant and May Nestor are pictured, in one of the many dance scenes.

▲ Andrea Bryant, Charles, Orlando Irizarry and Nancy Benjamin are pictured here during a time out.

▲ Mr. Thomas Lenihan discusses a problem with Luis Montes.

The Bilingual Program is designed to lessen the shock to new arrivals as they attempt to complete their high school education in a new country. The staff of the program feels it has many positive outcomes already. The attendance rate is above 75%, and this would indicate a positive attitude on the part of the students towards the school. Several Seniors in the program have applied to and hope to be accepted by Columbia University.

◀ Mr. Julius Grill and Mrs. Anna Bender are pictured here.

The College Bound Program at John Jay High School helps those serious students in our school who want to graduate and move on to college. We encourage our students to take as many credits as they can in science, math, foreign language, and other academic subjects so that they will be able to enter college.

In order to build up our pupils' skills we have our students take reading workshops in addition to regular English classes. For those who need additional help in Mathematics, we also provide workshops in algebra.

Our full-time counselors assist youngsters in moving through John Jay High School, in applying to appropriate colleges or in choosing their future careers. Everyone in the College Bound Program, the coordinator, counselors, teachers, educational assistants, family assistants, and secretary, works to help our youngsters achieve their aim of graduating from high school and going on to college.

Pictured here are a group of the student volunteers. A total of 54 pints were collected on December 23, 1977.

◀ Mrs. Joan Schwartz had a hard time giving her donation but as you can see she has a great deal of courage.

The SGO organized and recruited the volunteers for this special donation to the Red Cross Blood Bank. This is a very "special gift of life" and demonstrates only one occasion where our student body goes beyond the confines of the school to help others in the world that are in need.

◀ Giving blood may not be fun, but one student was able to smile for this photo.

HORTICULTURE

CLUB

▲ Here they are folks, John Jays' mean, green machine, the Horticulture Club and potted plant. Maria Volpe cries because the plant is dying. Anna Bleszcz laughs because Maria is crying and Mr. Silverman (behind the plant) sprays Richie Colon to wake him from his trance. Last, but not least, is Robert McDuffie, the super star of everything but Rent-A-Car. Camera shy is Maria Lauro who is probably finding some new cuttings.

Are you a Math Superstar? Can you do math that is beyond basic calculations? If your answers are yes, why aren't you pictured below with the Math Team? Guiseppe Ruggieri, Captain, is hidden by Mayer while Arthur tries to give his reasoning to a problem. Antonio is fascinated by the camera while Mr. Gilbert Gotfried, Advisor and Math Department Chairman, listens to the responses.

MATH TEAM

PEER TUTORING

Under the direction of Mr. Ron Mannerino, the Homework Helpers (Peer Tutors) give invaluable assistance in practically every academic subject area to members of the student body here at John Jay. The tutors are some of our best students and they develop good relationships with the students who need help so that they will feel free to ask for help.

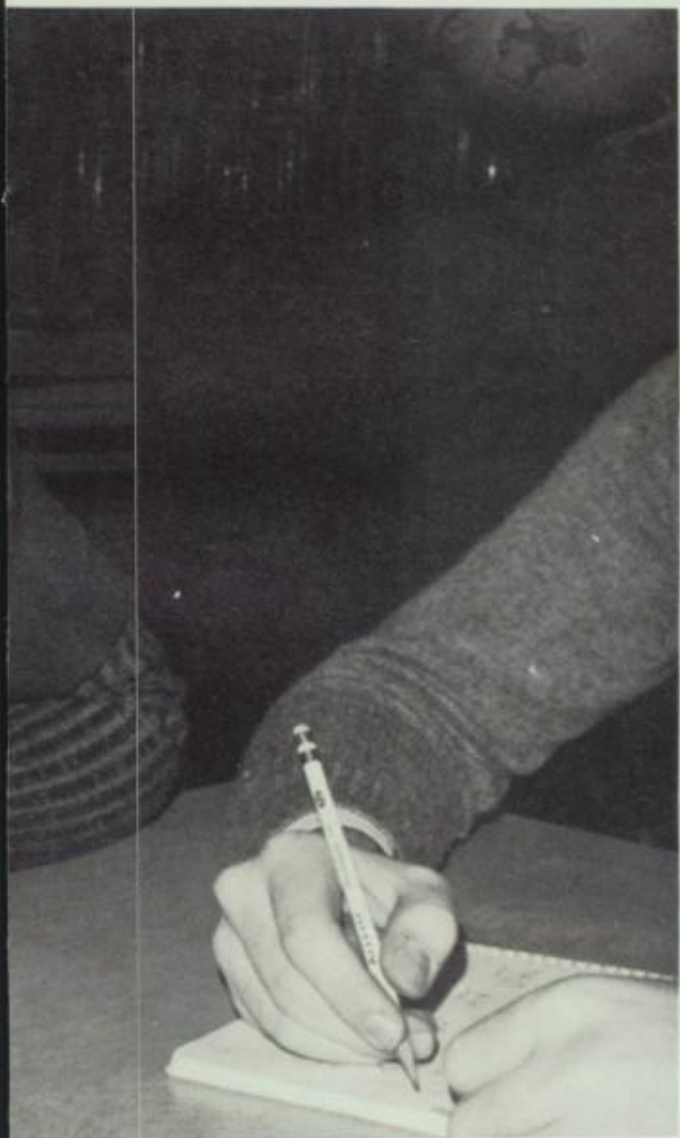

Lillian DeJesus gives us a shocked expression as Giovanni Fanizza, a Peer Group Tutor, explains that Columbus was wrong, the world is flat!

Marie Volpe seems to have become hypnotized by Giovanni and his simplified explanations.

▲ Here we find a large group that must have gathered to cram for a test in one of the more difficult subjects such as math or science. Three of the tutors are collaborating here to seek the correct solutions. Arthur Brown, Richard Torres and David Louie are trying to help Raul, Robert and Dorothy Lamm.

▼ Philip sets out to develop a good rapport with two students who seek his help. We are sorry that we distracted them.

PROSPECT 1978 was created out of our need to tell the world we are "unique"; we are International. The world is here at John Jay. We each have a place on the globe which can be held in one hand. Throughout our book, we will show you what makes us revolve. Our aim is to encourage others to always keep us in motion.

▼ A member of the Haldane student body presents her reactions to what she saw at John Jay. At the far end of the table are Bert Flowers, The Faculty Chaperone from Haldane and Lilly Cohen, Program Office Chair-lady.

Pictured here are both schools' representatives, at Haldane High School in Cold Springs New York, on October 26, 1977.

◀ Cathy Cabeza listens attentively to a presentation at Haldane.

▼ This picture shows what Jay is all about. We can fit in anywhere. Bill Schroeder, a community representative is pictured here with Michael Fran, David Chan, and Jose Soto. The two young ladies are Haldane High.

DOUBLE JAY

Pictured above: John Buro, Lisa Sillman, Steven Donnelly, Laura Sisto, Mr. George Merolla, Jorge Cortizo, Benjamin Ivy.

The Double Jay, which publishes several issues a year, has tried to be innovative and timely in presenting often shocking topics. The staff is made up of upper and lower classmen and women. The Advisor is Mr. George Merolla.

Mr. Jesse Lazarus

The Student Cabinet is the governing body of the school. Mr. Jesse Lazarus the Advisor of COSA organizes meetings with student leaders, members of the faculty and administration. Topics discussed at these meetings involve issues that are vital to the functioning of the school.

Michele Evans, Cathy Cabeza and Ray Lao are the SGO officers that represent the students of John Jay at the Cabinet meetings.

Mr. Robert Weinberger expresses his views on one of the items on the agenda. Ingrid Lewis and Robert Ellis are pictured here.

CHORUS

Mr. Joseph Albertson leads the Chorus at Christmastime.

Pictured here are members of the Chorus: Josephine Scarpulla, Giovanni Fanizza, Laura Ragonese, Janet DeMarinis and John Buro.

The Close-Up Club is a group of students who get to go to Washington to study it "close up". They meet representatives of government, view sessions of Congress and, in general, spend a week concentrating on the inner workings of the Capitol.

This club is self sufficient. The members raise their own money for the trip through cake sales, luncheons, breakfasts and the sale of stationary.

CLOSE-UP

The members of the club are Benjamin Iuy, Marta Contrer, Amparo Dela Cruz, Anita Luna, Maria Volpe, Anna Bleszcz, and Lillian Wilson. The Advisor is Mrs. Eleanor Cullivan.

Pictured above: (Back Row) JoAnn Restko, Elena Ancona, Rhonda Anderson, (Front Row): Carmen Williams, Karen Keane, Hilda Quinones, Esther Miranda, MaryAnn Flynn and Coach Mr. Abt.

As Spring comes into view so does Mr. Abt with his Softball Team. These young ladies are very enthusiastic that they will have a good season.

Mr. Hanig once again has a fantastic Swimming Team. As you can see it is Co-Ed and is really one of the most exciting teams at Jay.

Pictured below- 1st Row: Robert Toledo, Patricia Walsh, Mike Torres, Joyce Teta, Cathy McQue. 2nd Row: Johnny Rodriguez, Ray Ortiz, Raul Rodriguez and Richie Hannon. 3rd Row: Inno Puig, Mike Duffy, James Hayes, Pat Crowley and Ernest Rodriguez.

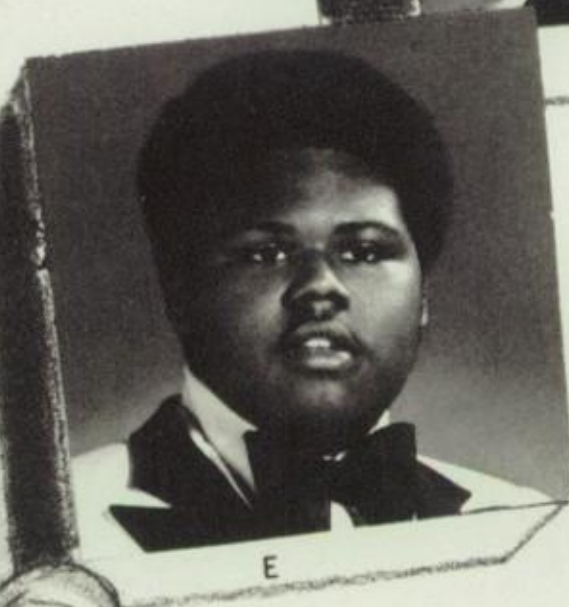

SENIOR CABINET

The Executive Board of the senior class is a dedicated group which finances, completely, all of its' own activities. Under the direction of the Senior Act. Coord., Miss Nina Martorano, the Exec. Board draws up a budget, plans a senior calendar, helps with the yearbook, gives service to the school and community, and very often takes care of students where the need for help and assistance is great.

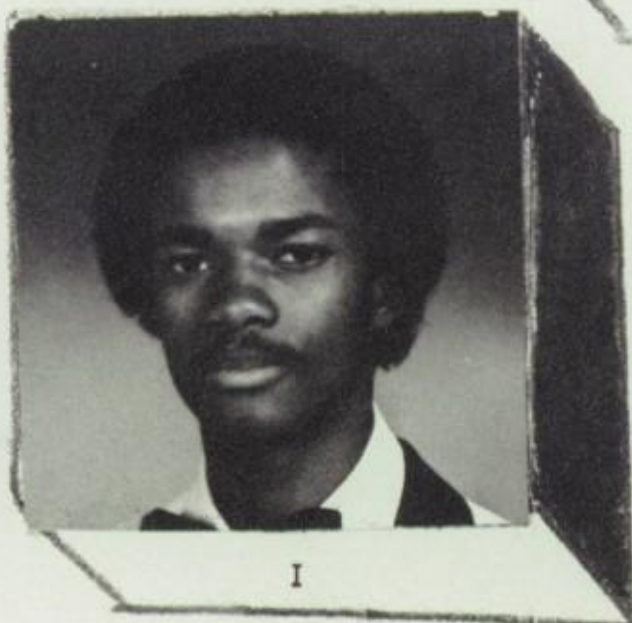

This group of students is very often ignored, but it is characterized by its humble acts and quiet manner. The senior year wizzes by because this group exists.
